

# Welcome

A very warm welcome to you and your family to the Carmarthen campus.

Students come to the University of Wales Trinity Saint David to enjoy a stimulating academic experience in one of the UK's oldest universities. Through a period of significant growth the University has without doubt succeeded to retain a supportive social and academic community, which makes Trinity Saint David a great place to study.

Amongst the many benefits of studying here is our student centred approach to learning and teaching. Due to relatively small class sizes, as a student you will enhance our intellectual community through contributions and debate in lectures and seminars.

You will develop knowledge and expertise in your chosen subject, whilst also enjoying the wide range of extra-curricular activities from volunteering in the local community to sport, cultural

societies and a host of other activities. In Trinity Saint David students are truly recognized by their name and not their number.

## This Open Day is your opportunity to explore our courses and campuses

- Meet the academic staff to discuss course options, entry requirements and learn what your course will entail.
- Talk to our Finance Officers and learn about the costs of Higher Education and the financial support available. You may also discuss your individual situation.
- Meet our Learning Support team to discuss any special learning support that you may require.
- Tour our campus, its superb facilities and view accommodation.
- Meet students and talk to them about their experiences of life at the University.
- Familiarise yourself with the vibrant market town of Carmarthen and all that the diverse county of Carmarthenshire has to offer.
